T100

corob TURNTABLE SERIES

Maximize your ROI: unrivaled value in colorant dispensing

The new piston pump turntable paint dispenser is a cost-effective solution to expand your business in the tinting market. The bidirectional turntable unit optimizes dispensing time, while its extremely compact footprint ensures high mobility and hassle-free transportation.

The NoPurge Technology ensures excellent colorant handling by eliminating waste and mistints, providing significant environmental benefits. The pipeless piston pump technology keeps colorants in perfect condition, ensuring precise and accurate tinted colors. Its compact design is the smallest footprint on the market, making it a space-efficient solution for various store layouts.

The T100 is easy to install and service, with quick, step-by-step setup and copied calibration. Maintenance is simplified with easy frontal access to all devices and circuit components, and remote diagnostics maximize uptime by facilitating troubleshooting and machine updates.

This dispenser is an affordable investment, providing reliable automatic dispensing at a price you can afford. Its compact design reduces transportation and storage costs, optimizing shipping through practical, split packaging and minimizing ownership expenses.

The T100 accommodates various canister sizes, ensuring compatibility with multiple colorant systems. It features an advanced active stirring mechanism that keeps colorants smooth and well-mixed, preventing build-up and sedimentation. The Dynamic Speed Control adjusts dispensing parameters in real-time, minimizing mistints and errors.

Experience efficient, accurate, and eco-friendly paint dispensing with the T100 turntable dispenser, a compact, easy-to-use, and cost-effective solution for all your tinting needs.

NO PURGE
NoPurge feature for excellent colorant handling eliminating waste and mistints

COMPACT
Ideal for transportation at minimized costs and easily fit into any small or mid-size shops

EASY SERVICE
Quick installation, easy serviceability, and copied calibration

SMALL INVESTMENT
Reliable automatic dispensing at a price you can afford

ABOUT US

COROB, a GRACO company, is a global leader with a long and successful history in developing, manufacturing and delivering high-tech dispensing and mixing solutions for the widest range of tinting applications. Our offering is supported by a global service network making COROB a total solution provider.

corob TURNTABLE SERIES

Technical data

	[S]	[L]
Business environment	Small paint stores / Growing markets	
Volume output	Low	
Dispensing technology	NoPurge Piston pump (NPP)	
Dispensing flow	Sequential tuntable (bidirectional)	
Circuit flow rate [l/min]*	0.3	
Minimum dispensed quantity [fl.oz.] (cc)*	1/576 (0.051)	
Valve type	Sphere valve	
Canister configurations	Up to 16	Up to 32
Canister sizes [l] (q-G)	1.5 (1.58) / 2.3 (2.1)	
Colorant compatibility	Water, Universal, Solvent**	
Dimensions HxLxD [mm] (in)	1325 x 670 x 770 (52.2 x 26.4 x 30.3)	1325 x 840 x 940 (52.2 x 33 x 37)
Footprint [sqm] (sq ft)	0.51 (5.5)	0.79 (8.5)

** Values highly affected by the nature of the colorants and their rheological properties.*
*** Compatibility affected by the chemical properties of the solvent-based colorants used.*
