COROB EVOTURN

Maximize your
uptime with just
a click

Highlights

- LOW TCO**
Advanced valve system for minimal maintenance.
- NO PURGE**
100% recirculation and closed nozzles.
- JUST A CLICK**
Smart integrated circuit for easy replacement by user.
- LOW-NO VOC**
Optimal colorant handling and reduced risk of drying.

COROB EVOTURN is a smart, reliable, and easy-to-use turntable dispenser. It represents an ideal solution for paint shops and DIY where medium paint volumes are produced but nevertheless, they need higher colorant capacity.

Developed with specific attention to the design, COROB EVOTURN has an extremely compact footprint. Low or no VOC colorants are efficiently handled thanks to the real re-circulation and effective nozzle closing.

When it comes to the can handling, the default manual shelf guarantees a simple loading and unloading operation of the cans, in alternative, a semiautomatic one can be chosen.

The computer can be placed inside the machine and the peripherals are optimally positioned on the optional multibracket adjustable support which can accommodate monitor, keyboard, mouse, printer, and barcode reader.

The access for all maintenance operations is from a comfortable frontal position and the machine diagnostic can be done remotely reducing the need for on-site service.

ABOUT COROB.

COROB is a global technology leader in developing and manufacturing high-tech dispensing and mixing solutions for different applications including paints and coatings, inks and chemicals.

WE ARE WHERE YOU ARE. Our offering is supported by a global service network making COROB a total solution provider.
